DATA FOR **PROGRESS**

From July 21 to 27, 2025, Data for Progress conducted a survey of 678 likely voters in Alaska using SMS and web panel respondents. The sample was weighted to be representative of likely voters by age, gender, education, race, geography, and recalled vote. The survey was conducted in English. The margin of error associated with the sample size is ±4 percentage points. Results for subgroups of the sample are subject to increased margins of error. Partisanship reflected in tabulations is based on self-identified party affiliation, not partisan registration. For more information please visit dataforprogress.org/our-methodology.

NB: subgroups with a n-size less than 40 (<40) are not shown on these cross-tabs. We choose not to display N<40 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup. Some values may not add up to 100 due to rounding.

N=678 unless otherwise specified.

[1] If you don't mind saying, who did you **rank first** in the **November 2024** election for **U.S. President**?

Response	Topline	Democrat	Inde-pendent / Third party	Repub lican	Female	Male	Under 45	45+	No College	College	American Indian or Alaska Native	White	Anchorage	Kenai Pen.	Mat-Su	Fairbanks North Star	South east	Rest of state	Works in oil and gas or connected industry	SNAP recipient	Union household

[18] The **November 2026 general election** for **Governor of Alaska** will be conducted using ranked-choice voting. This means that voters will be asked to rank up to 4 candidates, with candidates marked 1 being their first choice and candidates marked 4 being their last choice.

If these were the candidates for governor, **please rank up to four candidates** you would vote for using the numbers 1 through 4, with **1 being your first choice** and **4 being your last choice.** You must rank at least one option. If you are not sure, please rank that as your first option.
